

#3 - SING More

We all do this because we like to sing. A common complaint is that we don't sing enough different songs in a given night. This next idea will help that and help it in a jiffy!

Following your vocal warm up, kick-off your evening with the song, SING (arranged by Joe Browne Society # 203483) and a perfect opener for a night of fun. The neat thing is that immediately following the Bb song you can incorporate 7 more songs which will allow your guys to sing a total of *eight* songs in roughly 12 minutes. Which will bump up your songs per night ratio and increase the members' fun. Here's an example of the flow of Bb songs:

1. SING
2. The Old Songs
3. Down Our Way
4. Honey Little Liz
5. Let Me Call You Sweet Heart
6. Sweet Roses of Morn
7. Shine on Me
8. My Wild Irish Rose

Cost of this program? \$1.65 per copy of SING and this dovetails nicely into our Pole Cat program
